## YES! :- Matters Are Improving

Hundreds of times in the past month have we been asked if business is improving. Above is our answer. The improvement in prices in our home-grown products has a tendency to lead people to buying better qualities than they did in the past three years. As an evidence of this we can truthfully say that since the advance of price in tobacco we have sold more of our highest class of goods than in three the given time in the past few years. It is a great satisfaction to a merchant to sell good, reliable goods. Greater still when he knows his efforts in that direction are appreciated.

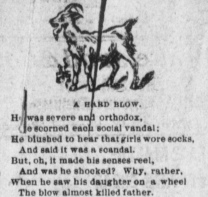

The season for selling Summer Clothing is drawing to a close.

Having bought only highest grades of garments, we have nothing of any hard character to offer as a catch. To be sure, in many of our lines sizes are broken, but if you can be fitted you will buy the choicest of clothing at less than you pay for ordinary stuff elsewhere.

From the 1st to the 10th of July we will devote to a Clearing Sale throughout all of our departments.

If you desire to partake of some of our good things come along. Friday, Saturday and Monday we will have plenty of help to wait on you.

**H. ECHINGER & CO.**  
THE LEADER IN GOOD CLOTHING.

A HAND BOW.  
It was severe and orthodox,  
(I learned each social vanguard;  
He blushed to hear that girls wore socks,  
And said it was a scandal.  
But, oh, it made him senseless, real,  
And he was shocked! Why, rather,  
When he saw his daughter on a wheel  
The blow almost killed her father.

**MAYSVILLE WEATHER.**

What We May Expect For the Next Twenty-Four Hours.

**THE LEADER'S WEATHER SIGNALS.**  
WINDY—FAIR;  
Blue—RAIN or SNOW;  
With Black ABOVE—TWO INCHES SNOW;  
If Black's DEEPER—COLDER—TWO INCHES SNOW;  
Unless Black's shown—no chance we'll see.

The show forecasts are made for a period of thirty-six hours, ending at 8 o'clock tomorrow evening.

Bracken Circuit Court will begin Monday.

The oat crop in the county is said to be very promising.

Buy a Watch from McCarthy and have the correct time always.

Circuit Court wound up its business yesterday and adjourned till September.

Born, Wednesday evening, to Mr. and Mrs. W. T. Cummings, a handsome daughter.

Little Miss Thompson, niece of Mrs. Sam M. Hall, and who was one of the Maysville-Wheeling excursionists, fell from the upper berth of her stateroom when near the latter city and fractured her collar-bone.

Mr. George L. Cox yesterday laid upon the Editorial desk the first ripe home-grown peach of the season, raised in his own yard. He has a species that always ripens about a month in advance of all others hereabouts.

The funeral of Mrs. Elizabeth Bode will take place from the residence of her son-in-law, Mr. Jacob Cablish, this afternoon at 8 o'clock, services by Rev. F. W. Harrop. Interment at Maysville Cemetery.

Mrs. Hannah Belang desires the world to know—and that's the reason she requests THE LEADER to announce the fact—that she has been legally divorced from her late husband, Mr. Julius Belang, and has been restored to her widowed name of Mrs. Hannah Curtis.

Professor Little arrived Wednesday morning and announces that everything is ready for the 4th of July celebration at the Fairgrounds Saturday.

He had a force of hands busy all day yesterday fitting up the stage where the high class vaudeville entertainment will be given, and other novelties of the day will be witnessed.

The members of the famous Royal Japanese troupe, the Mound City Quartette, the four child wonders and others who are to take part in the day's program will reach Maysville on the steamer Sherley Friday night.

The Fayette County Fiscal Court has about decided to replace the Courthouse, which was so badly damaged by fire recently, with an entirely new building, at a cost of about \$25,000.

There are some mighty small large people. Last night grown men were caught in the act of getting boys to buy 10-cent tickets for the show at Electric Park, and these big fellows actually tried to pass in on them. Even the Arab at the door was too sharp for them, and they had to pay the full grown price, which is only 20 cents.

**GLORIOUS FOURTH**

Everything in Shape for the Celebration at Fair Grounds Tomorrow.

A Big Crowd Expected to Witness the Many Attractions of the Day.

People are too prone to grab at a project which promises the largest return for an investment.

We used the word "promises" advisedly, for the thing begins and ends with a promise.

The performance is never realized. This is particularly true of some Building Associations.

They promise their shareholders 15 per cent. on their stock—but never pay anything.

Since the Court of Appeals of Kentucky has shut down on Associations that have been exacting enormous interest from borrowers, several of that class have failed—"busted," if you please,—and shareholders that were promised such large returns will lose the biggest part, if not all, that has been paid in.

Others are sending out circulars begging their stockholders not to press them for money, &c., &c., showing the general rottenness of concerns that promise shareholders a big thing.

On the other hand, the Mason County Building and Savings Association, after an existence of nearly twenty-five years, has never failed to redeem every promise made. It is conducted on business principles. It agrees to return to shareholders their monthly dues and to pay them 6 per cent. interest at the beginning of each year—and it does it. It charges only 5 per cent. interest on loans made to shareholders—no more, no less. It offers an absolutely safe investment. Its officers are our own citizens. It is, moreover, a Maysville institution, and worthy of our confidence and support.

Books are now open for subscriptions to the Twenty-third Series of stock. Call on M. C. Russell Secretary, R. K. Hoeftli Treasurer, or any of the Directors.

## When the Tariff Bill Again Reaches the House

It is Thought There Will Be No Attempt to Oppose the Motion

To Disagree to the Senate Amendments and to the Bill to Confer the Number of House Committees to Be Appointed Not Yet Decided.

WASHINGTON, July 2.—When the tariff bill reaches the house, after it has passed the senate, it is not probable that there will be any attempt to oppose the motion which will be made either directly by Chairman Dingley or by the opponents of a special order to disagree to the senate amendments and send the bill to conference. The republican leaders do not think there is any necessity for debate until the bill is reported back by the conference and the democrats are inclined to the same opinion. Bailey, the leader of the minority, said Thursday that he would not oppose a motion to get the bill into conference, but he thought three or four days for discussion at that time would be sufficient. The number of conferees to be appointed on behalf of the republicans has not yet been decided, nor the political division, but the conferees are usual, will be the ranking members of the committee from each side. It is probable that there will be seven conferees. The political division may be five and two or four and three. The republican members of the committee in their ranking order are: Dingley, Payne, Dalmat, Sopris, Grover, Russell, Bolivar, Steele, Johnson, Evans and Tanner and the democratic members are: McMillan, Wheeler, McLaughlin, Robertson and Swanson.

The estimate of the time of the bill will be in conference ranges from two to ten days, but the chief objection is that the conferees will report the bill back a week from next Monday if it comes over from the senate on the latter day.

WASHINGTON, July 2.—The monthly statement of the public debt shows that at the close of business June 30, the debt, less cash in the treasury, amounted to \$898,458,086, a decrease for the month of \$10,000,000, and accounted for by a corresponding increase in the amount of cash on hand. The debt, independent of the cash, was reduced \$4,000,000.

The debt is recapitulated as follows:  
Interest bearing debt \$ 867,300,000  
Debt on which interest has been paid 1,248,000  
Debt bearing no interest 78,150,786  
Total \$ 898,458,086

This amount, however, does not include \$300,873,935 in certificates and treasury notes outstanding which are offset by an equal amount of cash in the treasury.

The cash in the treasury is classified as follows:  
Treasury notes \$ 174,200,000  
Silver \$ 300,792,935  
Gold \$ 153,870,950  
Paper \$ 15,000,000  
Total \$ 643,863,885

Against the above there are demands for the month ending June 30, of \$663,320,732, leaving the net cash in the treasury, \$280,543,153.

WASHINGTON, July 2.—It is understood that the president has selected W. W. Rockhill, late assistant secretary of state, for the post of United States minister to Greece. His nomination is likely to go to the senate Saturday. Mr. Rockhill's appointment may be a permanent one, inasmuch as he has been in the department since 1884.

WASHINGTON, July 2.—For more than a month past pension certificates issued by the government have been held up in the pension bureau. The suspension ended Thursday when an immense batch of certificates was mailed to the different agencies. This terminates the operations of an order which, taking effect May 11, was intended to avoid increasing the existing deficiency in the pension appropriations by crediting the payments which would follow the issuance of these certificates to the new fiscal year instead of to the fiscal year ended Wednesday. The deficiency is said to be over \$300,000. Between 15,000 and 15,000 of these certificates have accumulated since the order took effect and Thursday all those dated up to June 24 were mailed. The suspension included every class of pension certificates, but from now on the regularly issued allowance and mailing of them will be resumed.

The house Thursday adjourned until Monday, after an extended attack by Mr. Settle (dem., Ky.) on the power of the house to adjourn for three days at a time. Mr. Settle made his speech by moving an amendment to the journal. He arraigned the republicans for not acting on the bankruptcy and Cuban questions.

The senate has placed on the free trade bill a motion to disagree to the senate amendments and to the bill to confer the number of House Committees to Be Appointed Not Yet Decided.

JACK ARBOR, Mich., July 2.—Judge Thomas M. Cooley, the noted attorney in constitutional law, who served many years as justice of the supreme court, and who later was the head of the interstate commerce commission, has become a hopeless invalid. OF Kentucky State Guards on Active Duty

LOUISVILLE, Ky., July 2.—Four companies of the Kentucky State Guard, consisting of about 500 men, are now under arms and on active duty protecting two negroes from anticipated mob violence in the Danian, charged with murder at Franklin, Simpson county, and Tolson, charged with attempted assault at Glasgow. Stone is being guarded night and day by nearly three hundred soldiers to prevent the farmers of Glasgow and Simpson counties from lynching him for killing Jodie Quinn, who was one of a crowd of raiders who attacked the negro in his home one night last week and captured him from the county. There is considerable excitement at Glasgow, and the Glasgow negro will be put on trial Thursday.

FRANKLIN, Ky., July 2.—Private Quinn, of the Frankfort company of state guard, is dangerously ill with congestion of the brain and will have to remain here several days after his recovery. Col. Gaiting will call town and jail carefully guard Thursday night, and there is no likelihood of trouble from Conn's friends until after the verdict is rendered. It is believed the jury will get on trial Friday.

The feeling existing between Col. Gaiting, who has command of the state troops, and who feels that Dingley will be assassinated if opposing him, and the army, and the local lawyers is of such a character as to warrant serious apprehensions. # GEN. RIVERA

## THURSDAY'S GAMES.

Removed From the Hospital to the Cabanas Fortress.

He is Suffering From an Abscess in the Right Side of the Stomach.

The General Believes This Was Due to the Fall He Had When Wounded—He is Well Satisfied With the Medical and Surgical Attention Provided.

HAVANA, July 2.—Gen. Luis Rivera has been removed from the San Ambrosio hospital to the Cabanas fortress by advice of the attending surgeons. After a consultation between the medical director of the hospital, Dr. Agustín Muñozguerra, and the head physician, Dr. Max Fernandez, Dr. Benítez and other hospital physicians, it was decided to make an incision in the upper part of the liver. The operation was performed by Doctors Fernandez and Valdes, but it was not considered expedient to continue the use of treatment and the physicians will probably confine themselves hereafter to the local applications for the patient's relief and to general therapeutic treatment. The bulletin as to the patient's condition says he is suffering from an abscess in the right side of the stomach near and above the liver.

Gen. Rivera believes this was due to the fall he had at the time he was wounded. He attaches no importance to it, and in fact, for some time did not notice it at all. He expresses himself as satisfied with the medical and surgical attendance provided, as well as with the nurses. All the food supplied him is excellent, his meals being served from a restaurant nearby at his own expense.

He told a newspaper correspondent that the wound had healed and that the limb had never shown any symptoms of gangrene. Naturally he suffers a good deal of pain from the abscess. Since he entered the hospital he has improved somewhat in his health, although the general condition is very serious because of the absence of appetite and the lack of nutrition for the general system.

It is probable that when he recovers a somewhat more radical operation will be performed, though not to the extent of a fatal danger. Gen. Rivera occupies the best room in the hospital. He says: "I can not expect to have a room in the palace."

## IN JEALOUS ANGER

It is Thought Mrs. Nack Had Willing Guiltless and Then Cut the Body to Pieces.

New York, July 2.—That William Guldenpudd was murdered by someone in a fit of jealous anger, and his body cut in pieces and scattered about the city, is the general opinion of the apparent solution of New York's murder mystery. The latest evidence is that Mrs. Nack, who lived with Guldenpudd, says she quarreled with him on the day the crime is supposed to have occurred. She says she saw the woman's husband, whom she deserted for Guldenpudd, says she was subject to fits of jealous anger, and on two occasions threatened to kill him with a butcher knife and saw, which were found in the woman's apartments.

She is identified as a person having bought oldclothes similar to that in which pieces of the corpse were wrapped. On Saturday Mrs. Nack and an unknown man hired a horse and carriage and were gone from 3:30 to 9 p. m. Saturday. The horse was returned wrapped with food and was taken away by the police early Wednesday morning Mrs. Nack was making hasty preparations to leave the city. She says Guldenpudd was alive, but tells contradictory stories.

She is under arrest on suspicion of being concerned in the murder. The charge of murder has not been brought against her. There are one or two other things which yet remain unexplained. The man who was the mysterious suicide ride with Mrs. Nack is yet to be found. He is believed to be Martin Thom, a Frenchman, who was the midwife. The search for the victim's head is being pushed, as it is desired to make the corpse complete, and for further evidence.

The Latest Street Railway Combination at Chicago.

More Than 200 Miles of Road to Be Built in Cook County.

New Company is Capitalized for \$10,000,000—The Project Is the Latest of Its Kind.

CHICAGO, July 2.—An ordinance empowering the Metropolitan traction Co. to build more than 200 miles of street railroads in Cook county has been passed by the county board. The roads, over which the franchise interest is cover every point in Cook county outside of the city of Chicago, where it is now or is over likely to become desirable to build a street railway line. It is said the way has thus been paved for a gigantic combination of the street railways of Chicago, with every suburban line now in existence and others to be built by the new company.
